ASSOCIATED PRESS REPORTS

MONDAY, OCTOBER 2, 1916

AN INSULTING ALIEN

Jermah O'Leary of New York, president of the American Truth Society, sent President Wilson a telegram, which, together with the answer by the president, should win the Democratic candidate many votes. O'Leary, who is a cowardly Irishman, judging by his name, wired the president an insulting letter in regard to American neutrality, charging among other things that Mr. Wilson was pro-British, charges that ex-president Taft and Roosevelt and Candidate Hughes have not made and will not make. Mr. Wilson responded as follows:

"Your message received. I would feel deeply mortified to have you or anybody like you to vote for me. Since you have access to many disloyal Americans and I have not, I will ask you to convey this message to them. Ordinarily the Record would take no more than an academic interest in a presidential campaign between two such men as Wilson and Hughes, but with the Roger Casement element of Irishmen supporting one candidate and with another element of voters supporting him, it is clearly to be seen that that candidate, if successful, would owe his election to foreign influence. The American people should not stand for such a thing. The government should never be prostituted to an element that would destroy the United States for the benefit of a European belligerent. The question is bigger than parties."

THEY DESERVE IT ALL

In passing sentences on the two white men arrested on the charge of immoral conduct, Recorder Campbell did exactly right. We do not know whether the sentence will stand, but we do know that two fellows have been shown up as they should be, if the evidence is to be believed. The Record dislikes to report cases of this sort, but it is through no sympathy with the defendants. Publicity to evil doings is as good a remedy as a road sentence where there is a spark of respectability left. In this connection we desire to commend our police officers, Messrs. Lentz, S'gmon and Peterson, who are always on the alert and who strive hard to detect all classes of wrong-doers regardless of their position.

Hickory people of course will understand the difficulties confronting the school authorities in placing every child where his parents prefer him to attend. All cannot attend any one school. In another year the new building will be ready, and changes or transfers will not be necessary. In the meantime we must make the best of the situation.

When Caldwell county builds a system of good roads, it will march right ahead, but the next best thing would be the extension of that railroad from Grand to Lenoir. Hickory business men would do well to look into the matter in the hope of lending Lenoir and Caldwell all the assistance possible.

We would like to agree with those persons who contend that Americans should be murdered with impunity in Mexico, in the United States or on the high seas, but we can't do it. We believe in protecting even criminals from mob violence.

Frank F. Ayer, one of the directors of the New York Tribune, which is supporting Mr. Hughes, sends \$1,000 to the Wilson campaign fund. Which reminds us that occasionally the editor of a newspaper controls only himself.

We still believe in the principle of arbitration, but we have neither lost sleep nor shed tears for the railroads. The American public, which is used to getting it in the neck, will continue to render tribute to organization of one kind or another.

Walter Murphree would stand a better chance defeating Senator Overman, but if he prefers to tackle Representative Doughton, it is no business of our. We wouldn't like to wager on Mr. Brook's chance either.

"Let's lose 'southland,'" admonishes the Manufacturers' Record. When we use the word our eyes will be in a line frenzy rolling, and we want it understood that we are no poet.

We don't mind saying it at all: The Charlotte Observer is getting to be a much better paper and will continue to improve as the new members of the staff learn their field.

President Wilson will have to resume the sending of notes to Berlin if he really believes he can prevent the unlawful murder of neutrals on the high seas.

Speaking of moonlight schools, is hard to understand how any man or woman has failed to learn to read or write, regardless of opportunities.

Governor Craig's letters are to be printed in book form, and we hope the governor will send us a copy.

LET'S LOSE "SOUTHLAND"

Manufacturers' Record.

We note with pride that the Columbia State a newspaper of pride and understanding, announces that it published not in the "Southland," but in the "South." It declares, too, that the "Southland" exists only in vaudeville speeches of young ladies' boarding schools, and that it should be barred there. We regret to report that it flourishes elsewhere. It is a rank growth in the "Northland." In congress you can find it almost any day in the morning leave-to-print section. On the chautauqua circuit it runs strong. It goes so tipplingly with "sunny" that only the most conscientious yeemite will omit it. But we agree with our South Carolina contemporary that it ought to be rooted out and destroyed. The south will have to do the job. If it has the grit to stand pat, it may kill "Southland" as dead as Canada has killed "The Lady of the Snows."—Chicago Evening Post.

Success to the Columbia State in its efforts to kill "Southland." The Manufacturers' Record has made it a rule for years never to permit even a flamboyant orator to land "the Southland" in its columns unless by oversight. It has protested with all the vigor at its command against "the Southland," and has suggested to some of its readers that when "Eastland" and "Westland" and "Northland" have come into universal use then it will be permissible to use "Southland." Until that day comes, however, let's bury "Southland" beyond resurrection, except in the vaudeville speeches of the "dear, sweet things," who, turned out by boarding schools and immature scolded colleges, designate the South as "the Southland," give them the privilege, if they insist upon it, but let all other people of common sense refuse to change the south into "Southland."

ROOSEVELT SCORES WILSON IN BATTLE CREEK SPEECH

Speaking to an immense crowd at Battle Creek, Mich., late Saturday afternoon, Colonel Roosevelt made the severest arraignment of President Wilson that has yet been attempted in the present campaign. The colonel told over 15,000 people who crowded a circus tent that Mr. Wilson had changed front many times. He looked as if it was the strongest. He asserted that when the Lusitania was sunk, the president should have seized every interned German vessel in the

United States, and talked about a settlement afterwards. The colonel also criticized the president's alleged surrender to the railroad brotherhoods. Mr. Roosevelt asserted that President Wilson had changed his mind about 41 times and had taken as many as six positions on some questions. It was a fierce arraignment of the Democratic candidate.

C., Oct. 2.—Results of operation of the Southern Railway Company for the month of August, 1916, and for the two months of 1916 ended August 31, compared with the same month and period in 1915 and 1914 exclusive of interest, rentals and other income charges, were announced by Comptroller A. H. Plant as follows:

Gross revenue, August 1916, \$3,496,711, an increase as compared with 1915 of \$1,099,001 or 20.36 per cent and as compared with 1914 of \$641,892 or 10.96 per cent.

Operating expenses taxes and uncollectible railway revenue, this year \$8,751,155, an increase as compared with 1915 of \$595,669 or 6.37 per cent, and a decrease as compared with 1914 of \$1,099,001 or 20.36 per cent.

GROWS APPLES THAT WEIGH A POUND EACH

Mr. W. R. Beach, who lives out the Kings Creek way, does not do things by halves. Take apples for instance. He grows apples that weigh a pound each. One day his week he sent a lot of these pound apples to town, and as a gift, one of them was left on the editor's desk. It was by far the finest apple seen so far this season. Yes, we have put it away to grow mellow, and then we are going to dive into it.—Lenoir News.

R. BRACKWELDER GROWS SECOND CROP JUNE APPLES

Mr. J. P. Brackwelder has gathered his second crop of June apples. The first crop came off in regular order—about June time. The second crop has just been gathered. A bunch of the second crop was placed on display in the window of the News office and they attracted a good deal of attention.

Mr. Brackwelder is not only good in growing fruit, but is winning distinction with his home garden. He is enjoying home grown turnips now, several weeks ahead of his neighbors.—Lenoir News.

WAYNESVILLE MAN DESIGNED PENNSYLVANIA

The Greensboro News says: "The Waynesville Mountaineer reminds the state of a fact that should not be lost sight of—that Homer Ferguson, a Waynesville man, designed and built the Pennsylvania; which vessel also has the distinction of the best target score ever recorded." Captain Ferguson is a brother of Mrs. A. A. Shuford Jr., of Hickory.

FIRE DESTROYS HOUSE NEAR BUFFALO SHOALS

Statesville, Oct. 2.—Thomas Patterson, an industrious farmer living several miles out on the Buffalo Shoals road lost his home and a part of its contents, the property having a value of about \$800. Insurance was carried on the building to the value of \$400. The fire started from a defective flue and had gained such control when discovered that nothing could be done to save it. Local firemen went to the scene in an automobile, carrying chemical extinguishers, but arrived too late to be of any assistance except to assist in saving the outbuildings.

Times Are Good.

Factories are running, wages are high, crops are bringing record prices and money is plentiful; in fact times were never better in our section

For the person who wants to get ahead, now is the golden opportunity, and every thoughtful person will see the wisdom of laying by something for the rainy day that all ways comes.

The young man who wastes the best earning period of his life without getting a start is handicapped throughout his life, while a little capital laid by in times of prosperity like these will help him over many a tight place.

The easiest and safest way to save money is to open a bank account, spend a little less than you make, and keep adding to your balance until an opportunity for investment comes.
